

CALENDAR OF STUDY A6791042

Study drug: Savana Press MPA

Cohort 1

Day	Date	Hour	Location	Parking	Aim of the visit (see informed consent for details)
Screening Fasted 4h before			Brussels : day hospital	Bordet	Screening
<i>Period 1</i>					
1 Fasted 4h before	day date	To be defined	Brussels: day hospital	Bordet	Pharmacokinetic day
2	day date	To be defined			Ambulatory visit (max 2h.)
4	day date	To be defined			Ambulatory visit (max 2h.)
8	day date	To be defined			Ambulatory visit (max 2h.)
11	day date	To be defined			Ambulatory visit (max 2h.)
15	day date	To be defined			Ambulatory visit (max 2h.)
18	day date	To be defined			Ambulatory visit (max 2h.)
22	day date	To be defined			Ambulatory visit (max 2h.)
29	day date	To be defined			Ambulatory visit (max 2h.)
36	day date	To be defined			Ambulatory visit (max 2h.)
43	day date	To be defined			Ambulatory visit (max 2h.)
50	day date	To be defined			Ambulatory visit (max 2h.)
57	day date	To be defined			Ambulatory visit (max 2h.)
64	day date	To be defined			Ambulatory visit (max 2h.)
71	day date	To be defined			Ambulatory visit (max 2h.)
78	day date	To be defined			Ambulatory visit (max 2h.)
85	day date	To be defined			Ambulatory visit (max 2h.)
92	day date	To be defined			Ambulatory visit (max 2h.)
99	day date	To be defined			Ambulatory visit (max 2h.)
113	day date	To be defined			Ambulatory visit (max 2h.)
127	day date	To be defined	Ambulatory visit (max 2h.)		
141	day date	To be defined	Ambulatory visit (max 2h.)		
150 Follow- up	day date	To be defined	Ambulatory visit		
Partial payment : Receipt of payment maximum 3 weeks after D43. Travel fees may be reimbursed after each visit.					
Receipt of payment maximum 3 weeks after the last contact
